Steve/Stam: I've got them booked from 1-2 to meet with Martin Hestmark. They also want to talk at length about VB-170 and Gilt Edge OU1 (see below). Please see if you can arrange meetings for us with Joy and Paula in the 2-4 time frame to discuss those sites. The panel meeting will likely conclude around noon and then we'll have lunch.

Given the flight schedules, you have us all afternoon on Wednesday. I'm less concerned about VB170 and more concerned on where you are in the RD work and potential settlement for special account funds for Gilt Edge OU1. Hopefully, we can still have a discussion on that.....

As for Martin, I plan on going through the status of RA funding projections for the next few years and discuss how we try to make decisions from here in HQ and see where the conversation goes from there. Let us know if there was anything else more specific he was interested in.....

Also, we may have Steve Ridenour and Emily Johnson with us for these meetings if that is OK with you..... They will be at the panel meeting and are under the same travel plans as David and myself.

Richard: This is the meeting you mentioned in your voice msg. I'll see about setting up something on VB170. Remind

me when you will have to leave for the airport.
